Pershing Park promotes communication between parents and teachers through conferences, newsletters, telephone calls, daily planners, Parent Connect, email, progress reports and report cards. We strive to provide information in languages other than English, and we have Spanish speaking staff and counselor/s on campus available for parents and family members to discuss policies, procedures and programs.

We have a Spanish speaking parent liaison on campus and a district specialist available to assist with volunteer opportunities and offer materials and training to help parents and family members work with children. Communication is sent home about parent and family member opportunities available at Pershing Park and through the KISD Parent and Family Engagement Program.

Pershing Park has high expectations for success of all students both academically and behaviorally. Our mission is to empower children to reach their highest potential by pursuing a lifelong passion for learning through a collaboration of home, school and community.
