

# Using ST Math<sup>®</sup> At Home

## Instructions for Accessing ST Math Outside of School

Dear Parents or Guardians:

With ST Math, students play computer games designed to teach math. They can play the games at home on devices with internet access. We encourage you to have your child play the games to review and practice the math skills learned in ST Math. Students are able to log in using their picture log in and will not need an activation code. Students can use a tablet or computer to access ST Math.

If your child is struggling, help them by asking them questions about what they see happening on the screen. You should not give your child the correct answer to get them past the game with which they are struggling. The goal of ST Math is to promote problem solving.

**Questions? Please ask your child's classroom teacher.**

# 1 Pick Your Device

## Computer

**Works on Macs, PCs, and Chromebooks.**

Requires 1GB of RAM (2GB recommended), and a high-speed Internet connection.

## Access

Go to [www.stmath.com](http://www.stmath.com) and click on JiJi the penguin.
