

Give a Compliment!

On Jan. 4, 2018, the Smith Student Council announced their new idea called **The Comment Box**. This **Comment Box** is to “Spread the Love, Give Out Compliments”. You simply get a colored sheet of paper from the box and fill it out, complimenting anyone in the school including staff. You can circle if that student, friend, or staff is either empowering, strong, inspiring, creative, or warm-hearted and to finish you can explain why. Try it out and make someone smile. Our Smith President states, “This is one of our first goals as a student council to have students show that the care and make a community out of our new young middle school.” Creating the comment box, the Smith representatives hope to make a statement for Roy Jay Smith and its students. Let us hope their comment box prolongs as a tradition of Smith middle school.
