

## Student Council Induction Ceremony

Roy J. Smith Middle School, had its first Student Council Induction Ceremony on November 30, 2017. With the help of Ms. Brown and Mrs. Fulcher, each member of the new council officially and proudly became members of Smiths representatives. Each representative was presented with a pin saying Student Council, including the Treasurer, Secretary, Historian, Vice President, and President. During the ceremony, Principal Wolf came in and gave the whole Student Council a motivational speech, as the pins were placed on each member. Mr. Wolf shook hands with each member, congratulating them for their achievement. Once each representative was handed a pin and shook hands, Mr. Wolf told us, "Congratulations for being the first representatives, you are the voice of your student body." For this new student council being the voice takes responsibility, let us hope for the best for this new young, outstanding group of students.
