

KHS Visitation Policy

- *To ensure visitations are productive for both school and visitors, please follow these guidelines:*

1. All visitors must present a valid photo identification, and register in the school office prior to visiting the campus.

2. Wear a visitor identification sticker in a visible place at all times while on campus.

3. Provide prior notice to teachers and office staff to schedule conferences.

Our goal is to increase the safety of students and staff in a manner that welcomes parental involvement. Thank you for your cooperation.
