Workshop Description

Come and join MCEC Parent Support and the Meadows Wee Readers while we explore friendships and how they add immeasurably to the richness of life. As a parent, the time and thought in which we spend in helping our children to have friends is time well-spent. Adding this to our child's personal traits will make them secure in the acceptance and affection of others. This workshop will present a range of friendship scenarios that we can utilize to facilitate activities and discussions and gives child-specific examples of the process of both friendships and ineffective behaviors.

Please be sure to complete this survey after the event for a chance to win a \$25.00 Amazon gift card!
